INSPORT

The 36 oz polyethylene product that provides a much less abrasive surface as compared to nylon or PP and provides superior wear resistance. This product is perfect for arenas, sports training facilities, batting cages, and more. DPPE comes standard in a blend color, 15 ft width, 5mm foam backing. Standard colors are available in this product as well.

TURF CHARACTERISTICS

STEMGRASS TECHNOLOGY

- ▶ Superior quality in its performance among monofilament yarns in the industry.
- ▶ Good rebound resilience, abrasion resistance, minimized distortion and shrinkage and excellent performance
- ▶ High UV-stability

The BEST indoor turf available

inSport and InSport PRO padded indoor turf incorporates advanced engineering for durability, performance and a natural appearance. These qualities combined with a 6 year warranty-make it the perfect choice for indoor sport and commercial applications.
